MERCED RIVER TRIP INFORMATION

Welcome to ZEPHYR WHITEWATER EXPEDITIONS and the MERCED RIVER! Although the churning waters of the Merced River do not look particularly "merciful" to today's rafters, it was a different story in 1806, when Lieutenant Gabriel Moraga and his men named the river "Nuestra Senora de La Merced" (Our Lady of Mercy).

The following detailed information and maps are designed to give you a smooth and enjoyable whitewater vacation. If you have any questions about any of the following information, feel free to give our office a call. During periods of high water or inclement weather, it is advisable to call our office to check in 2 days before your trip.
